

Kinder – Year 2 Digital Technologies Program Acceptable Usage Agreement

Dear Parents and Carers,

Please find attached the relevant Acceptable Use Agreement that we require families and students to adhere to in order to use school owned iPads and other technologies in Kinder - Year 2. This agreement has been designed to minimise risk and encourage the safe use of Digital Technologies. Students and Parents/Carers will need to sign this agreement and return it to their classroom teacher as soon as possible so that students can use any technology in the classroom.

All classes will be documenting their learning through the use of the learning journal application called ClassDojo. Parents are encouraged to follow their child's learning journey through the parent portal in ClassDojo once it is implemented. This can be done through any mobile device or computer. Instructions on how to do this will be sent home.

Please contact me if you have any concerns or questions regarding the use of technologies in the classroom.

Kind Regards

Ali Canning
Deputy Director of Junior School
